GOODFOODMOOD

"Every product we craft at Duni is designed with the consumer in mind. If everyone around the table is healthy, happy and there is good food to be shared, 'everyday' becomes a reason to celebrate. It's all about taking time to savour the simple things in life."

WHY CHOOSE DUNI?

1. PROVEN PARTNER

Looking for a top-tier supplier? As one of Europe's leading brands working with napkins, table covers, candles and table accessories, we bring decades of experience in materials, design and consumer trends to everything we do. ISO 14001 and ISO 9001-certified for environment and quality, we manufacture many of our products and offer you the convenience of a one-stop-shop.

2. TOP QUALITY, ECO-CONSCIOUS MATERIALS

The demand for eco-conscious solutions keeps growing. To help you meet this – and as part of our Blue Mission – we provide top-quality, caring materials for all occasions. These meet EU food and safety regulations, and are certified with Ecolabels too. You can find them across our collection in a wide variety of ecoecho® products, from bio plates to compostable unicoloured and design napkins.

3. CONSUMER-DRIVEN, COORDINATED ASSORTMENT

It's easy to work with the Duni collection, as it offers options for all usage occasions and budgets. For instance, Dunisoft® napkins and Dunicel® table covers – made from our unique premium materials – are perfect for celebrations and dinners, while our tissue napkins suit shoppers on a budget. What's more, our collection is crafted by our in-house design department specifically to meet the trends and needs most relevant to your customers. The icing on the cake? All the designs and unicolours are colour-coordinated.

4. IN-STORE EXPERTISE

Our planogram service makes shopping easy, stimulates impulse buys and reflects in-depth category knowledge. As we provide everything for setting the table, we can design them around your needs to optimise sales potential. We also offer displays with wow-factor. Despite their compact size, these combine a wide choice of products to drive incremental sales.

5. SUPERIOR SALES SUPPORT

The market-leading quality and value the Duni brand stands for is a great asset when it comes to generating sales. So is the sales, marketing and merchandising service that we offer in many markets.

"Our latest assortment reflects our ambition to offer sustainably designed solutions – made without conventional plastic – for every need."

Anna Lundqvist,
Business Area Director, Consumer

ecoecho®

CELEBRATE NATURE

The Bio range lets you meet the growing consumer demand for quality table-setting products that minimise environmental impact.

All products in the range live up to at least two of these four criteria: renewable, compostable, responsibly sourced or resource efficient.

Renewable – made from plant-based fibres and do not contribute to global warming.
Examples: Napkins, table covers, bagasse plates, paper plates, paper cups, wooden cutlery, CPLA cutlery and PLA glasses.

Resource efficient – made from recycled or waste materials that show clear resource efficiency compared to standard alternatives.
Examples: Bagasse plates and rPET glasses.

Compostable – certified EN 13432 or ASTM D6400 as compostable in industrial facilities. Or, when labelled with OK compost HOME, on your compost heap at home.
Examples: Bio tissue napkins, Bio Dunisoft® napkins, bagasse plates, paper plates, paper cups and PLA glasses.

Responsibly sourced – part of a certification scheme, which assures responsible social and environmental practice in forestry or plantation.
Examples: FSC-certified forest fibres used for napkins, table covers, paper plates and cups.

MOST ECOECHO PRODUCTS CAN ALSO BE RECYCLED

Recyclable – means that the material from the product can be used to form new products.
Examples: Tissue napkins, rPET glasses, bagasse plates and paper plates.

HELPFUL PACKAGING TO INSPIRE CUSTOMERS

Today's customers want in-store communication to guide them – particularly when it comes to environmental impact. Our Bio packaging gives them the answers they're looking for.

To underline the sustainable profile of bio products the Duni logo is green.

Graphic symbols clearly explain why the product is eco-conscious.

All our unicolor and some design tissue napkins, carry the OK compost HOME label. This means they can be put on the compost heap in the garden.

External certifications show that the product meets environmental requirements and standard.

INSPIRE A BETTER WAY

At Duni, we are actively supporting consumers everywhere who are making the switch from plastic. Proactively, we're helping to drive this change by introducing lots of new Bio products, which are free from conventional plastics. We're working hard to provide an eco-conscious alternative for every need.

MOVING AWAY FROM CONVENTIONAL PLASTIC

Our goal is to stay ahead of the curve when it comes to the use of conventional plastic products. Already, for 2020, we have decided to take single-use, virgin, fossil-based plastic out of our assortment.

KEEPING CONSUMERS AHEAD OF LEGISLATION

In doing so, we bring a market-leading selection of top-quality plastic-free solutions well in advance of the legislation due in 2021 – which will ban plastic plates, cutlery and straws.

WASH AND REUSE

Some of our premium products are of such high quality that it is a shame not to wash and use them again. We have tested a selection according to DIN 12875 and can confirm they fulfil the standard. This means that they withstand washing and drying in a household dishwasher at 60°C up to 50 times.

Our selection of reusable products comprises champagne glasses, wine glass and premium cutlery, which can be reused again and again – for up to 50 parties! When they are finally at the end of their life, they should be recycled.

Reuse whenever you can.
Look for this symbol!

WOODEN CUTLERY

Made from FSC®-certified renewable birch wood, Bio wooden cutlery is an eco-conscious alternative to conventional plastic solutions. Our new, bigger wooden cutlery, which is wax-coated, feels especially great to use. Alternatively, our new coloured wooden cutlery shows you don't have to use plastic to be colourful.

BAGASSE PLATTER & PLATES

A new concept on the market, the compostable Bio Bagasse Platter offers a refreshing way to serve food. We also offer matching compostable bagasse plates. These come in round, pebble shaped and – new for this year – a distinctively stylish square format.

WITH NEW BIO PRODUCTS

PAPER CUPS

Today's customers want eco-conscious coffee cups. Many also want sustainably-designed alternatives to beer glasses and shot glasses. Mindful of this, we now also offer compostable big beer and small shot glasses made from FSC®-certified paper.

BIO PAPER PLATES AND BOWLS

Bio paper plates and bowls help to avoid plastic consumption. We offer a market-leading selection made from FSC®-certified fibres. Even better, most are compostable and some also carry the Nordic Swan Ecolabel.

PAPER STRAWS

Plastic straws will be banned in 2021, but we already offer stylish, convenient alternatives. New for 2020, all our straws are FSC®-certified. Even better, they come in sizes and colours for every need.

PLA GLASSES

Sometimes only a clear glass will do. For these occasions, we offer new alternatives to solutions made from conventional fossil-based plastic: compostable shot glasses and beer glasses made from biobased, 100% renewable PLA.

CANDLES

A SHINING EXAMPLE OF SUSTAINABLE, TRACEABLE MATERIAL

STEARIN

Renewable Stearin is made from vegetable or animal fats and oils. The Swan Nordic Ecolabel on our stearin candles verifies they are made from traceable material, which is at least 90% renewable.

- Premium quality
- Eco-conscious and elegant
- Made from renewable fully traceable material
- Very tall, soot-free flame

EATING & DRINKING

ECO-CONSCIOUS MATERIALS THAT LOOK AND FEEL GREAT

BAGASSE

- Surplus natural and renewable fibre material
- By-product of crushing sugarcane
- Great example of upcycling
- Very low carbon footprint

PLA

- Produced from surplus renewable material
- Made from fermented corn starch
- Chemically identical to CPLA
- Fossil-free bioplastic

CPLA

- Produced from surplus renewable material
- Made from fermented corn starch
- Crystallised for added strength
- Fossil-free bioplastic

BIRCH WOOD

- 100% natural
- Renewable material
- FSC®-certified
- Plastic-free

PAPER

- FSC®-certified virgin fibres
- Renewable resource
- Recyclable as paper
- Low carbon footprint

rPET

- Made from recycled PET bottles
- Recyclable as plastic
- Resource efficient
- Reduces carbon footprint*

*50% lower than virgin plastic

BIO PAPER CUPS BIG

- Made out of 100% renewable resources
- Produced using FSC®-certified virgin fibres
- Compostable

Material: Paper/PLA, max +100°C

CERTIFICATIONS THAT DRIVE SALES

The products in our collection carry a variety of environmental and quality certifications. Here you can find out what they mean.

ecoecho®

To qualify as ecoecho®, a significant part of the product must live up to at least two of these environmental standards: resource efficiency, renewability, compostability or responsible sourcing.

The OK Compost label, from the certification body TÜV Austria, indicates that the product is suitable for industrial composting and meets the stringent requirements of the European standard EN 13432.

We now offer napkins with the OK compost HOME label. You can compost these at home. For instance, by putting them on the compost heap in your garden. This is because they compost at lower temperatures than used for industrial composting.

The Forest Stewardship Council® (FSC) certification ensures the product is made of wood from forests managed in an environmentally appropriate, socially beneficial and economically viable manner.

The Nordic Swan Ecolabel identifies the best products on the market from an environmental point of view. For instance, it confirms our stearin candles consist of at least 90% renewable materials and minimise soot emissions.

The RAL Quality Mark is awarded by the European Quality Association for Candles. It guarantees the candle burns cleanly, contains no hazardous materials, retains its shape and is safe and reliable.

PRODUCT DETAILS IN YOUR LANGUAGE.

The references in these tables link to references in the design section tables. Use them to find product descriptions in the language that suits you best. This should help with answering any questions you may have, as well as ordering.
